12/18/03	A01-10-011	Pacific Gas and Electric Company (U 39 G), Proposing a Market Structure and Rules for the Northern California Natural Gas Industry for the Period Beginning January 1, 2003 as Required by Commission Decision 01-09-016.
----------	------------	---

Summary: On December 15, 2003, Brian Cragg, representing Duke Energy North America, LLC and Duke Energy Trading and Marketing, L.L.C., left a voicemail message for Belinda Gatti, advisor to Cmmr. Brown. Cragg discussed the effects of the backbone-level rate recommended in Cmmr. Peevey's alternate. Cragg stated the backbone level rate creates an incentive for existing customers to duplicate PG&E's facilities to connect to the backbone. Cragg noted that the backbone creates an incentive for generators and noncore customers to construct laterals to the backbone parallel to the existing PG&E pipelines, and that this is incredibly disruptive to affected communities. Cragg noted that if the Commission would really like to create incentives for electric generators and non-core customers to build laterals to the backbone, it should consider making the utilities' rights of way available for construction.

----------	------------	--

Summary: LATE FILED. On December 15, 2003, Alvin S. Pak, Director of Regulatory Policy & Analysis, Sempra Energy Global Enterprises, representing Sempra Energy Resources (SER), met with Julie Fitch, advisor to Pres. Peevey, in San Francisco. Written material (attached to the notice) was used. Pak explained that the proposed ban on affiliate transactions found in the pending proposed decisions is contrary to public policy. Pak stated that the ban eliminates important competitors from the market. Pak also noted that SER was the only party that responded to the emerging Commission preference for turnkey generation projects, indicating the special regard for Commission policy uniquely held by affiliated generators.

Summary: On December 19, 2003, Mohsen Kazemzadeh, Water Division, met with Tom Long, advisor to Cmmr. Lynch, in San Francisco. Also present was Jasjit Sekhon, Office of Ratepayer Advocates (ORA). Sekhon provided background information on the ORA's position on the issue of Southern California Water Company's (SCWC) lease of water rights to the City of Folsom. Kazemzadeh provided more details on ORA's concerns with the proposed decision (PD); specifically, that the PD excused SCWC not seeking an 851 filing, and that the PD, if adopted, would set the bad precedent of allowing utilities to enter into business transactions without the Commission's awareness.

Summary: LATE FILED. On December 15, 2003, Larry Engel, Special Counsel for the City of Palo Alto (City), met with Cmmr. Lynch in San Francisco. Also present were Grant Kolling, Assistant City Attorney, and Susie Berlin, attorney for the Northern California Power Agency (NCPA) and Special Counsel for City. Written materials (attached to the notice) were used. Engel explained the interplay between the Commission's proceeding and the Bankruptcy Court (BC), including the lack of evidence before the BC regarding the Commission's deliberative process in this proceeding. Engel also pointed out portions of the proposed settlement agreement (PSA) that are inconsistent with the Settlement Plan before the BC. The representatives for the City and NCPA explained that the Commission's Decision is not one of the documents to be reviewed or approved by the BC, that such decision is not part of the Confirmation Order, and that the Confirmation Order will prevail over all other documents. The City expressed concern that all of the alternates before the Commission would be subject to legal challenge due to the fact that they contain unlawful provisions, and that any order from the BC that incorporated the PSA would also be subject to further challenge.
